Re: Future Waste & Recycling Services – 7 S. South Carolina Avenue

To Whom It May Concern,

Please accept this letter as confirmation that Gold Medal Environmental (“GME”) has met with ownership and management of the property located at **7 S. South Carolina Avenue, Atlantic City, NJ**, currently under development by Ideal Builders.

At this time, the property is undergoing construction, which is expected to continue for approximately six (6) months. Upon completion of construction and prior to the commencement of regular operations, GME and ownership intend to enter into a formal agreement for the provision of solid waste and recycling collection services at the site.

Due to the ongoing construction process, the final scope of services—including container type(s), size(s), and service frequency—has not yet been finalized. GME will work directly with ownership to determine the appropriate service configuration based on the operational needs of the property at the time of completion.

Gold Medal Environmental is prepared to provide reliable and compliant waste and recycling services in accordance with all applicable City of Atlantic City and State of New Jersey regulations once the project is complete.

If you have any questions or would like to discuss further, please feel free to contact me at 640-212-7577 or by email at pgamberg@goldmedal.net.

Sincerely,
Paul Gamberg

GOLD MEDAL ENVIRONMENTAL
